STONE SLOTH OFFERS HANDCRAFTED, PREMIUM DÉCOR CONCRETE CANDLES USING LUXURY SCENTS, 100% SOY WAX AND ORGANIC WOOD WICK.

WOODEN WICK

The wood wick gives a warm, calm feeling as it crackles as it burns. The wider surface area of the wick creates a more even burn pool. It is organic and more sustainable than other wicks.

100% SOY WAX

Longer burn time (50% longer than paraffin wax), this is because it has a lower melting temperature. Sustainable wax as comes from the by-products of Soy which is a renewable source vs paraffin.
